The Future of Job Searching ☀
ACTION

The Problem

Youth are facing NEPOTISM and BRIBERY in the job market.

- Applying for a job is often frustrating.
- Time-consuming.
- Expensive, and biased.

I observed my best friend miss out on a job opportunity solely due to the influence of someone with connections, which profoundly impacted him.

The Solution

WeConnect – An app designed to level the playing field.

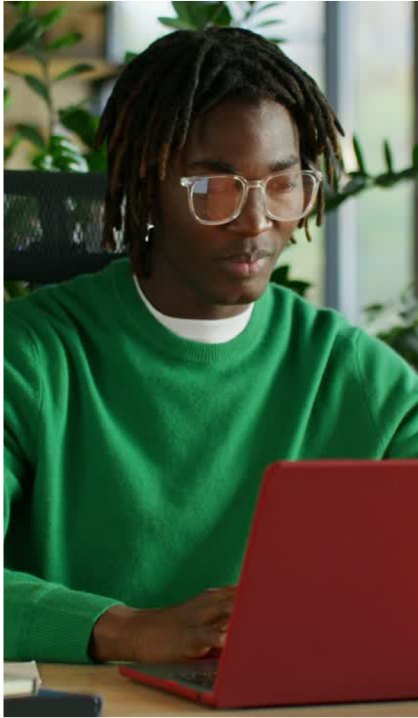

- *Apply to verified job vacancies in one click* 
- *No interviews influenced by favoritism* 
- *Companies and applicants matched based on verified merit*

"We connect talent with opportunity – fairly and fast."
